

Arctic Leash

Product Features

Watertight Case

Internal Circuit Breaker

Oil, Grease and Water Resistant

Can withstand temperatures from -58° to 220° F

ETL Tested

Indoor / Outdoor Rated

Retractable Cord with adjustable stop

The Arctic Leash is continually highlighted on the History Channels Flagship Program "Modern Marvels" in a segment called "Sub-Zero Tech".

Hostile outdoor work environments are right at home for the Arctic Leash!

The Arctic Leash is an industrial grade multi-functional product that has a wide variety of applications in cold climate and outdoor environments.

The Arctic Leash can withstand temperatures that range from -58° to 220° F.

The Arctic Leash can be used anywhere retractable power is required and personnel safety is concerned.

Whether you are building houses, manufacturing products, mining for gold or supporting a fleet of vehicles, the Arctic Leash can be configured to meet your needs.

With over tens of thousands sold and in place around the world the Arctic Leash can be easily adapted to meet your needs for retractable power.

Benefits of the Arctic Leash

The Arctic Leash provides many benefits for its use in many different environments.

Reduces "trip and fall claims"

Increases employee productivity and safety

Provides for a safe working environment

Provides electrical retractable power to hard to get places where its needed

Retracts out of the way when not in use

Can be mounted in a variety of ways

Uses

The Arctic Leash is designed for use in a variety of industry applications including:

- Construction
- Industrial
- Manufacturing Lines
- Fleet Support
- Oil and Gas
- Mining
- Electric Vehicles
- Home
- Business
- OEM Applications

Arctic Leash

Product Data Sheet

Product Features

- Watertight Case
- Internal Circuit Breaker
- Oil, Grease and Water Resistant
- Can withstand temperatures from -58° to 220° F
- ETL Tested
- Indoor / Outdoor Rated
- Retractable Cord with adjustable stop

All retractable cord reels carry a 3 year product warranty.

Specifications

CASE

- Dimensions - 9" x 12" x 3'
- Molded Polypropylene
- 3.175 mm thickness
- 94V-2 Flammability Rating

POWER CORD

- Gauge / Conductor - 14/3 AWG
- Type - SJEOOW
- Length - 30' Female
- Rating - Outdoor -58° to 220 ° F

CIRCUIT BREAKER

- 13 AMP (can be upgraded to 15 AMP for an additional fee)

RECEPTACLE / PLUG

- Rated - 125 VAC / 15 AMP
- Receptacle - NEMA 5-15P

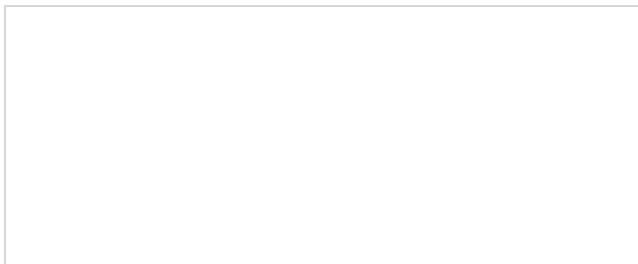

Testing

- Impact - UL746C
- Hose Down - CSA 6.8.2
- Strain Relief - CSA 6.4
- Flame Retardant - UL 94-94V-2
- Conforms with UL 355 and CSA C22.2
- ETL Tested and Approved

We also carry retractable power cord reels for industries including; Automotive, Healthcare, Marine, Construction, Industrial and various other uses.
